WHAT IS A VANPOOL? ►

A vanpool is a group smart commuters who share the ride to work in a clean, comfortable DART-owned van.

BY THE NUMBERS ►

650+ Commuters vanpooling

>100 Vanpools operating

18 Counties served

1995 Year founded

WHY VANPOOLS? ►

Save money. Vanpoolers save thousands of dollars a year in gas, insurance, maintenance and parking costs.

Gain more "me" time. Vanpoolers catch up on work, read, chat, sleep or otherwise relax during their commute.

Reduce stress. Riders who don't navigate traffic congestion, construction and delays by themselves are happier, healthier, more productive.

Save your car. Riders use their car less, reducing wear and tear, and often extending its life. Drivers also receive personal use of van.

Enhance sustainability. One vanpool removes as many as 11 vehicles and their emissions from the road each day.

Guaranteed ride home. In case of an emergency, DART will guarantee a ride home to RideShare vanpoolers up to three times per year.

HOW TO JOIN A VANPOOL ►
